Jak's Bakery Taking Orders for Easter Bread this Week

Braided breads take over the production line Saturday at Bloomfield bakery

Bloomfield, PGH - Easter is an important holiday in Bulgaria, and it's an important holiday for Jak's Bakery in Pittsburgh's Bloomfield neighborhood. Each year ahead of the holiday, orders come in from all over the region. No cakes or cookies, here - there is just one thing on the menu: Kozunak, or Bulgarian Easter Bread, which can be ordered online for pickup at jaksbakery.com/shop.

Similar to paska bread (Ukraine), cozonak (Romania) or tsoureki (Greece) but definitely its own thing, kozunak in Bulgaria is a spring specialty, one that many look forward to all year. It is an integral part of the Easter meal in Bulgaria and is traditionally included in parcels of dyed eggs and sweets delivered to friends and neighbors on Easter.
